ANNUAL PASS

VICTORIA 200: PASSION, POWER & INFLUENCE

Visit the House and discover the internationally acclaimed art collection and learn more about Victorian Weston and its owners as we celebrate the 200th anniversary of the birth of Queen Victoria.

The Rose Garden has been restored by Head Gardener Martin Gee to the original Victorian Designs of William Broderick Thomas with the project being funded by your generous Gift Aid donations.

Our vibrant Art Gallery can be found on the top floor of the Granary building and is home to changing monthly exhibitions.

Throughout August and September we present "Victorious" – with items from the collection that have never been on display before telling the story of Queen Victoria's reign.
